NEWS RELEASE

Tamarack Prize Contribution Announced

Minneapolis, MN – Tamarack Habilitation Technologies is delighted to see the Orthotic and Prosthetic Education and Research Foundation (OPERF) call for nominations for the first “Tamarack Prize for Outstanding Contribution to Orthotic Science and Practice”. OPERF will be awarding the prize at the American Academy of Orthotics and Prosthetics 34th Annual Meeting and Scientific Symposium in March 2009.

The OPERF is soliciting nominations for professionals who have made a significant contribution to the Orthotic practice within the last five years. Ideal candidates for The Tamarack Prize have a history of clinical care, scientific research and peer-reviewed publications in the orthotics profession. The deadline for nominations is Friday, November 14, 2008.

For complete eligibility criteria and application procedures, visit www.operf.org
