NEWS RELEASE

**Tamarack Announces International Distribution Agreement
For ENGO® Blister Prevention Patches**

Minneapolis, MN - Tamarack Habilitation Technologies, Inc. is pleased to announce a partnership with LOC Manufacturing Ltd. of Surrey, UK for the distribution of its ENGO Blister Prevention Patches (www.goengo.com). As of February 18th, 2008, ENGO patches will be available for consumer and dealer purchase across the greater UK, including England, Scotland, Wales and Northern Ireland.

“With growing demand for our ENGO® branded products across the globe, Tamarack has recently become more focused on international distribution as an environment of growth. As we continue to explore opportunities and customer groups within the United States, we cannot ignore the enormous potential in other areas of the world. Working with LOC will provide Tamarack a launching platform for reaching a seemingly endless network of active individuals. We look forward to an excellent relationship with the folks at LOC,” concludes Jason Pawelsky, Associate Marketing Manager at Tamarack Habilitation Technologies, Inc.

LOC Manufacturing Ltd is the manufacturing & sales arm of the London Orthotic Consultancy, Ltd - a privately held orthotic clinic in Surrey, UK. LOC provides comprehensive orthotic care from foot orthotics to walking braces. For more information about LOC, please visit www.londonorthotics.co.uk.

Tamarack Habilitation Technologies, Inc. is a research and development company specializing in ankle-foot biomechanics and friction management technology. Manufacturers of the world-renown “Tamarack” Flexure Joint, Tamarack has a short list of products distributed in the orthotic & prosthetic industry. Its most recent product innovation, the ENGO® Blister Prevention Patch, is sold directly to specialty retail stores and sports medicine suppliers.
