

**Tamarack**  
HABILITATION TECHNOLOGIES, INC.

April 15, 2008

NEWS RELEASE

### **Tamarack Launches New Website**

Tamarack Habilitation Technologies, Inc of Minneapolis is delighted to announce the launch of its all-new website: [tamarackhti.com](http://tamarackhti.com). Designed by O&P Digital Technologies, Tamarack recently initiated a complete website redesign to provide current and potential customers with valuable product information, creative applications and other useful resources. An exciting feature of the new website is the incorporation of video footage on its "Product Assurance" page, which shows the rigorous testing procedures utilized to evaluate the useful life of Tamarack products.

Tamarack Habilitation Technologies, Inc. is a research and development company specializing in ankle-foot biomechanics and friction management technology. Manufacturers of the world-renown "Tamarack" Flexure Joint, Tamarack has a short list of products distributed in the orthotic & prosthetic industry. Its most recent product innovation, the ENGO<sup>®</sup> Blister Prevention Patch, is sold directly to specialty retail stores and sports medicine suppliers. For more information about Tamarack Habilitation Technologies, visit us online at [tamarackhti.com](http://tamarackhti.com)
